PROFESSIONAL PROFILE

Lesly Chuo is a software engineer, systems architect, and IT instructor focused on high-impact infrastructure, scalable backends, cross-platform mobile, providing solutions that feel premium without getting complicated. He empowers teams in a creative workspace to build real world product and systems that scale from end to end. I am open for work and collaboration.

CORE STRENGTHS

Product engineering Takes products from interface and architecture decisions through implementation and deployment. Delivered responsive web and mobile products using React, Next.js, Node.js, Spring Boot, and Expo.	Technical leadership Connects delivery standards, documentation, mentoring, and cross-functional coordination. Led product delivery at TamSoft and supervised interns and technical handoffs at Bitsvalley iLabs.	Systems thinking Reliability across software, infrastructure, electronics, and physical energy systems. Data driven applications, installed, and maintained grid and off-grid solar systems at Touch Bearer Foundation.
--	---	---

TECHNICAL SKILLS

FRONTEND & MOBILE TypeScript, JavaScript ES6+, React, Next.js, React Native, Expo, Angular, Tailwind CSS	BACKEND & APIS Node.js, Express, Java Spring Boot, NestJS, Laravel, FastAPI, Django
DATA & PLATFORMS PostgreSQL, MySQL, MongoDB, SQL Server, Supabase, Firebase, PostGIS, Prisma, Drizzle	DELIVERY & DESIGN Git, GitHub Actions, Docker, Figma, REST APIs, CI/CD, product design, technical mentoring

PROFESSIONAL EXPERIENCE

Letech CG - (2026 - Present) **PRESENT**

Founder & CTO

- Lead product strategy, engineering workflows, and technical direction for personal and client-focused products.
- Design scalable applications around clear business requirements, maintainable architecture, and dependable delivery.
- Build the agency's technical foundation across web, mobile, API, and deployment workflows.

Tools: Next.js · Node.js · Laravel · TypeScript · PostgreSQL · Expo · GitHub · Payments Integration

Bitsvalley iLabs - (2024 - 2025)

Full-Stack Developer, Mentor & Intern Supervisor

- Delivered responsive React products and backend services with Java Spring Boot and MySQL.
- Mentored interns and supported onboarding, documentation, code reviews, and reliable technical handoffs.
- Contributed across React, Thymeleaf, Angular, Ionic, Capacitor, deployment workflows, and React Native with Expo.

Tools: React · Spring Boot · MySQL · Angular · Ionic · Expo

TamSoft - (2022 - 2023)

Full-Stack Developer & Team Lead

- Led product delivery for a movie-streaming platform and a mobile-money payment orchestration system.
- Coordinated cross-functional implementation across streaming, payments, web, and mobile workflows.
- Improved full-stack features with an emphasis on scalable architecture, performance, and release quality.

Tools: React · Node.js · Express · MySQL · MongoDB · Git · Payments Integration

CivilSalt - (2021)

Software Development Intern

- Built Windows desktop applications with C# and Windows Forms.
- Developed ASP.NET web solutions and SQL Server-backed data flows in Microsoft Visual Studio.

Tools: C# · Windows Forms · ASP.NET · SQL Server

Touch Bearer Foundation - (2019 - 2021)

Renewable Energy & Systems Engineer

- Sized, installed, and maintained grid-connected and off-grid photovoltaic systems.
- Supported technical training and energy-system deployments across Ilung, Akeh, and Konene.

Tools: PV systems · Solar installation · Grid systems · Maintenance

ReTECH Electronic - (2018 - 2019)

Hardware & Systems Maintenance Technician

- Diagnosed, repaired, and maintained computers and electronic systems.
- Designed and tested inverter and sound-system circuits, strengthening a practical foundation in reliability and troubleshooting.

Tools: Electronics · Circuit design · Hardware · Troubleshooting

EDUCATION

Oct 2025 - Present

Master of Technology

Computer Engineering · IT & Cybersecurity

College of Technology, University of Bamenda

Oct 2024 - Jun 2025

Bachelor of Technology

Computer Engineering · Software Engineering

College of Technology, University of Bamenda

Oct 2021 - Jun 2024

Higher National Diploma

Computer Engineering · Software Engineering

HND/BTECH Organ, University of Bamenda

HOBBIES & INTERESTS

Sports & fitness, Design, Video games, Outdoor events, Hiking, Travel & Roadtrips

LANGUAGES

English — Native

Native speaker with excellent communication and writing skills.

French — Fair
